

Mohanji's Birthday Celebrations in the USA

With great love, devotion, and reverence, Mohanji's family in the US organized a countrywide 21 days Mohanji Paduka Pooja in celebration of Mohanji's birthday on Feb 23, 2023. This 21 days offering included the Paduka Pooja in 21 states (Virginia, Connecticut, Massachusetts, New York, New Jersey, Michigan, Maryland, North Carolina, South Carolina, Arizona, Florida, Ohio, Kentucky, Pennsylvania, Illinois, Minnesota, Texas, DC, California, Tennessee, and Oregon) in the US, one day in each state.

With hearts filled with love and devotion, people gathered in their respective states to offer petals of gratitude at Mohanji's lotus feet along with the chanting of Mohanji Ashtotram Mala. This offering was followed by Mohanji's Aarti with love pouring out and at times teary eyes.

In the true spirit of the birthday celebration and following Mohanji's teachings of love, joy, and togetherness, people shared meals, tea, snacks, stories and experiences.

On the day of Mohanji's birthday, several charitable activities took place all over the US where people donated food, clothing, and other things to the underprivileged in the community. For example, in California clothes, toys, baby items, and art supplies were donated to Rebekah Children Services that has been taking care of children in foster care, in homeless shelters, and victims of domestic violence.

Mohanji's kutumbh (family) in the US wishes Mohanji's eternal presence in this life and beyond.

Testimonials of Paduka Pooja (February 1st - 21st, 2023)

Happy Birthday dearest Mohanji lots of Love and hugs.

“” Mohanji for me is nature .“” Be Natural Be Nature”” is the beautiful divine words of Mohanji. I was wondering what is it like to “be nature “?.one day while walking slowly inside the state park with big huge trees ,subtly connected to trees and could feel their looking at me and their happy to see me and blessing me. When I hugged the tree could feel we both are one and feel the energy vibration . From my spiritual heart thankful grateful with gratitude for this experience. Mohanji had blessed in Belgrade during empowerment program “ Be Natural” but experiencing it is MOHANJI’s Blessings and Grace. Love you MOHANJI always forever ❤️❤️

It has been fun to watch the different states/leaders as they performed the puja. Each one unique. When I led the puja for my state I personally felt such a powerful feeling of love and gratitude for Mohanji with each petal I offered. Even now as I recount it for you, I can feel the same overwhelming and amazing feeling. Thank you for allowing me to share.

On February 7, 2023, the Mohanji Maryland team performed a Guru Pooja with a beautiful devotional energy followed by a vibrant Poer of Purity meditation at a devotee's residence in Ellicott City, MD. Inspired devotees attended the session in a highly electric and energized atmosphere followed with Mohanji Energy Transfer (MET) being given as well. A lot of heat was felt while transmitting MET. Jai Mohanji!!

21 days of Guru Paad Puja was a great celebration to express our gratitude to our beloved Guru Mohanji. When I was doing Guru Paduka Puja as a representative of the Ohio state I felt Mohanji is with us in his subtle form, the entire atmosphere was full of love and devotion and the tears of gratitude were rolling out. It was a blissful experience. Eternal gratitude at the lotus feet of Mohanji for guiding us on the path of liberation.

Paada Pooja for me was like completion of a deep intense desire. Be the one that I personally did or the ones I attended on zoom everyday had the same intensity. Deeply felt Mohanji's presence. There was a complete sense of peace , devotion and focus.

It was a beautiful sadhana done by the USA M family as a team and came together. May more such team efforts may happen in this family which will lead us to bring M's center of benevolence here in USA.

Deep gratitude towards all who participated, to the country team and to Mohanji who was present every day on these auspicious sessions in consciousness.
